Essays

Legacy Project *

Each Fellow will be required to have a Legacy Project that she will work on during and after the program. This project may represent the next step in an initiative on which you are already working, or the first step in a new project. The project should provide you with the opportunity to apply the skills and competencies learned throughout the program. We expect each Fellow to begin the program having adequately thought through many of the important elements required to achieve a significant outcome.

In 500 words or less, please provide a summary of what your Legacy Project would be.

In your summary, please include a description of how your project is a significant step in a relevant initiative, has achievable near-term outcomes, leverages your knowledge and experience, and will require an increase in your personal performance.

Essays should be no longer than one page, or between 250 and 400 words per answer.

All applicants must answer the following questions.

Thinking about those individuals and experiences that have influenced who you are today, both personally and as a leader, which of those do you identify as the most significant and why? *

What are your professional goals, and how do you think the Fellows Program will promote them? *

Please include in your answer both short-term and long-term goals, as well as the skills you seek to develop through the program.

One of the goals of the Fellows Program is to establish a Mentor Culture among women. Each Fellow is matched with an IWF Mentor for part of the program year. How do you see yourself bringing this unique opportunity back to your community and to your professional organization? *

Describe a volunteer, civic, or community activity that has been particularly meaningful to you and why, and / or recount your most substantial contribution in this area. *
